MAKING MEMORIES LIKE NEVER BEFORE

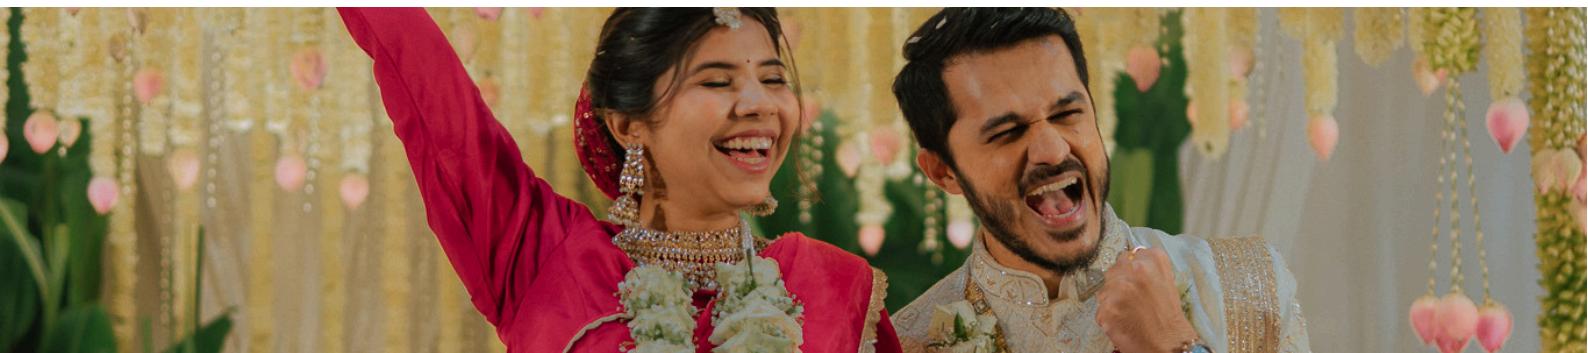

ABOUT THE STUDIO

*capturing love stories
with artistic vision
& timeless elegance*

At Cineboy, we believe every wedding is a story waiting to be told — filled with raw emotions, fleeting glances, and timeless moments. Our passion lies in transforming those moments into cinematic memories you can relive forever. With an eye for detail and a heart for storytelling, we blend artistry with authenticity — creating photographs and films that feel real, emotional, and beautifully crafted. From grand celebrations to intimate vows, Cineboy captures the essence of your day with elegance, warmth, and precision.

Because your love deserves more than just pictures — it deserves a story that lasts a lifetime.

The Day You Say “I Do”

Helping images
come to life.

Trust the Cineboy team to capture your wedding's most heartfelt moments with creativity, care, and cinematic finesse.

The Cineboy team has beautifully covered countless wedding events across Karnataka and Goa, capturing the essence of every celebration with dedication and creativity. Our team works tirelessly to record every important moment — from the smallest emotion to the grandest ceremony — while creating a friendly, relaxed atmosphere around everyone. We believe great moments come naturally when people feel comfortable, and that's exactly what makes us easy to approach, warm, and professional throughout your special day.

Your wedding day deserves more than just photos — it deserves a story beautifully told. At Cineboy, we don't just capture moments; we capture emotions, laughter, and the little details that make your day truly yours.

With years of experience covering weddings across Karnataka and Goa, our team has mastered the art of blending creativity with professionalism. We work quietly in the background yet stay close enough to catch every candid smile, every tear of joy, and every unforgettable ritual.

What sets us apart is our friendly, easy-to-approach nature. We create a comfortable atmosphere that helps couples and families feel relaxed — making every frame more natural and heartfelt. From pre-wedding shoots to final album delivery, our focus remains on quality, warmth, and storytelling.

When you choose Cineboy, you're not just hiring photographers — you're choosing a team that treats your memories as their own, ensuring every moment is captured with care and perfection.

- Every wedding comes with its share of unexpected moments — changing weather, tight schedules, or sudden lighting issues. The Cineboy team has learned to adapt with creativity and calm. When rain interrupted outdoor shoots, we turned cloudy skies into cinematic frames. When time ran short, our coordination ensured no important ritual or emotion was missed.
- We've faced restrictions like limited spaces, drone permissions, and power cuts, yet found ways to keep filming seamlessly — from using natural light to handheld cinematic shots. Each challenge strengthened our teamwork, sharpened our instincts, and taught us to think on our feet.
- Through all this, our focus has remained the same: to capture genuine emotions, create comfort for everyone on set, and deliver memories that feel effortless and beautiful. These experiences define Cineboy — resilient, friendly, and always ready to turn every situation into a story worth remembering.

TERMS & CONDITION

- All raw photos and videos will be shared with the client. After transfer, storage copies may be deleted.
- Only one round of video or highlight corrections is allowed after preview approval.
- Clients must provide the song for highlight videos before editing; changes later won't be accepted.
- Inform photographers in advance about key wedding events (entry, cake cutting, speeches, etc.) so they can prepare.
- Photographers will capture as many guests as possible, though cooperation may vary. They have priority over guests with mobile cameras and aren't responsible for poor quality caused by interference.
- In case of illness or emergency, a replacement will be arranged at no extra cost.
- Client must cover travel, hotel, and food expenses, except for wedding-day travel handled by the team.
- Client must obtain permissions and pay charges for photography at all venues.
- Sufficient time should be provided for couple portraits; the team isn't liable for missed shots if time is limited.
- Clients should promptly select and share album photos to avoid printing delays.
- Drone usage depends on weather, lighting, and no-fly zones (e.g., airports).
